

Aluminium Inserts

To assist in moulding the correct threads to match our Cap-Style lids we have developed a range aluminium inserts that will ensure the correct thread is moulded every time. The aluminium inserts are attached to moulds using toggle clamps* and unscrewed prior to demoulding.

Thread Type: Buttress Thread

Material: Aluminium (7075)

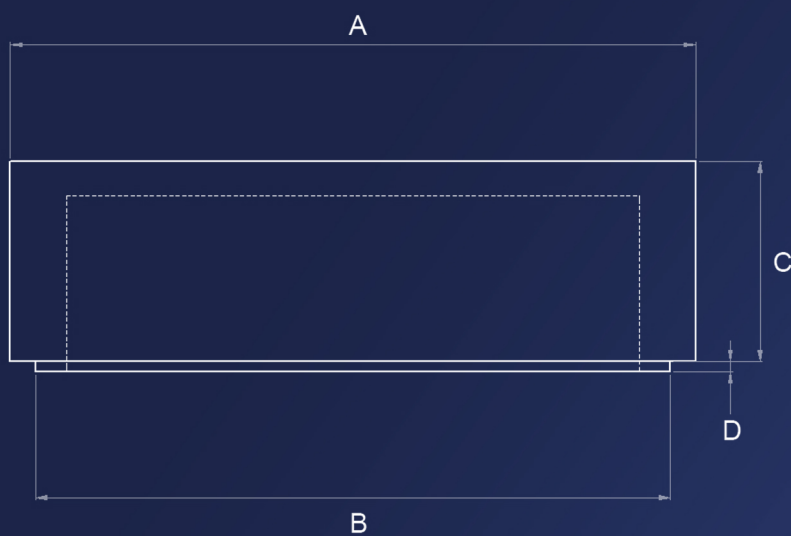

Coating: Hard Anodising

Available sizes: 65mm, 125mm, 160mm and 175mm (100mm coming soon)

*Mounting toggle clamps not included.

Please contact us if you require additional information:
